

Amendments To The Specification:

In the English translation document, please delete the term --Description-- at page 1 written line 1, before the title.

In the English translation document, please add the paragraph at page 1 after written line 2, after the title, as follows:

--CROSS REFERENCE TO RELATED APPLICATIONS

This application is the US National Stage of International Application No. PCT/DE2003/003453, filed October 17, 2003 and claims the benefit thereof. The International Application claims the benefits of German application No. 10250641.8 filed October 30, 2002, both applications are incorporated by reference herein in their entirety.--

In the English translation document, please add the section heading at page 1 after written line 2, after the newly added CROSS REFERENCE TO RELATED APPLICATIONS section, as follows:

--FIELD OF THE INVENTION--

In the English translation document, please amend the paragraph at page 1 written lines 3-5, as follows:

The invention relates to a method as well as a system for definition of structures of object and/or data models, with at least one schema for description of the structures.

In the English translation document, please add the section heading at page 1 after written line 5, as follows:

--SUMMARY OF THE INVENTION--

In the English translation document, please amend the paragraph at page 3 written lines 26-27, as follows:

The invention is described and explained in more detail below on the basis of the exemplary embodiment shown in the sole Figure.

In the English translation document, please add the section heading at page 3 after written line 27, as follows:

--BRIEF DESCRIPTION OF THE DRAWING--

In the English translation document, please amend the paragraph at page 4 written lines 1-3, as follows:

The sole Figure shows a system for definition of structures of object and/or data models, with schemata for description of the structures.

In the English translation document, please add the section heading at page 4 after written line 3, as follows:

--DETAILED DESCRIPTION OF THE INVENTION--
